SUBJECT: ONGOING ATTACKS BY REPUBLICANS

Apparently someone at DNC is of the opinion that the GOP hierarchy, including Haley Barber and the Forty Thieves, are mending fences with the Democrats. Not so! Their political war, and that of the extremists, is ongoing.

One of the things the Radical Christian Reich is doing is buying up radio and TV stations in key market areas. For instance, in Santa Rosa, KFTY-TV, KSRO, and KMGG. It used to be that under FCC Rules, such a concentration of interests could not occur. The programming is all so far to the right and the attacks on the President and DNC so ongoing that it feels as though election day is not over, but ahead! And you wonder WHY, with no counter-voice, Democrats lose!

At 11:30pm tonight, for instance, KFTY-TV (Phone # (707) 526-5050) aired what appeared to be a "News" program, but which was in fact a paid broadcast by an outfit calling itself "a non-partisan group": CITIZENS FOR HONEST GOVERNMENT. No GOP official was ever vilified. ONLY Democrats. The program was hosted by a so-called "veteran broadcaster" called Putnam, and the video opens with Reagan honoring his 50 years of service to broadcasters. As a veteran of 30+ years myself, I've never HEARD of the guy until now.

Among the things aired during this broadcast:

1. That President Clinton used cocaine in the White House and was involved in money laundering.
2. That he was involved in a cover-up and importation of drugs at Mena, Arkansas
3. That Vince Foster was murdered and the President had something to do with it
4. And a whole lot more.

The allegations were made by (among others):

Fred Hampton in Mena

Bill Duncan, former IRS agent

Russ Walsh, an Arkansas State investigator

and

Scott Wheeler who identifies himself as a "journalist"

I phoned (800) 853-4436 advertised in the video and was greeted "Citizens for Honest Government". I told the young woman that I was a journalist and wanted to know more about the people involved in the production of the video; names of the business owners etc. She stated that the video was produced by a non-profit "religious" organization called "Jeremiah Films". When I asked where the principals could be reached, she gave me a referral number of (800) 828-2290. When I dialed that number, the person answered "American Agenda". I asked the same questions and was told that she couldn't give out any data, but that if I wrote to American Agenda at POB 702417, Tulsa, Oklahoma 74170, I could get the information. I was also given the phone number: (812) 897-5334

I am under the impression that church funds are being diverted to Republican political ends to bypass the political process. I would suggest that an investigation be undertaken into the nature of this group, because, for all their claims of non-partisanship, there isn't a Democrat among those I spoke to (I asked) and the "Honest" Citizens don't deal with Republican scandals, such as moneys given to the GOP by the followers of "Rev" Sun Muong Moon, the Korean Cultural and Freedom Foundation, or the Korean CIA via its Chief, Bo Hi Pak.

The electoral process is being undermined by the de-regulation of broadcasters. I speak as a person who originally favored such a move ---until foreign interests such as Rupert Murdoch et al decided to manipulate the news to promote extremist causes and candidates. I would urge that the charters of ALL non-profit bodies be reviewed, and restricted. For example: The American Legion was ORIGINALLY chartered by Congress to represent VETERANS interests. Today, that has been manipulated by a handful of GOP extremists to lobby Congress and intimidate politicians on matters relating NOT to veterans, but to religion and other aspects of American life. I feel that Congress should come up with a BOILERPLATE for the conduct of ALL veterans AND religious groups and require ALL groups such as "American Agenda" to identify WHERE they get their money, HOW, and their POLITICAL AFFILIATIONS.
